TESTIMONIAL

At the outset, I would like to heartily congratulate United Way Mumbai for initiating the project –“United for Road Safety” (URS), powered by Castrol, for addressing the noble cause of road safety in Mumbai City. As I understand, URS is a project designed by United Way Mumbai for education and sensitization of youth in Mumbai for safe two wheeler riding. One of the key activities of URS project is to provide systematic and detailed training to the youth on safe riding skills and mobilizing the youth to become ambassadors of road safety.

This handbook on safe riding skills, published and circulated by United Way Mumbai under the URS project, is informative and comprehensive compilation of road safety rules, safe riding techniques and skills required for handling emergency situations while riding a two wheeler. It is a helpful guide for each and every one of us, presented in a very creative and simplistic manner for the ease of understanding. Information for bike-riders, on documents required, safety equipment and laws is extremely relevant and valuable; as is the aim to train the riders about the meaning of various road signs. Trainees can keep this booklet with them all the time as a safe riding guide.

The sensitization work being done by United Way Mumbai through this project will go a long way in complimenting the effort of Mumbai Traffic Police in enhancing the state of road safety on the roads of Mumbai city. Support of Mumbai Traffic Police can always be counted upon for this noble initiative.

All the very best to the team “United for Road Safety”!

(Milind Barambe)
Joint Commissioner of Police
Traffic, Mumbai
